## Ibiza clubbers mean average and range

Name: $\qquad$ Date: $\qquad$

Mean average: add up all the data then divide the total by how many there are Range: subtract the smallest data entry from the largest data entry

Attendance of Ibiza clubbers over 5 days at 4 popular clubs.

| Club | Days \& Attendance Figures |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | Mon | Tue | Wed | Thu | Fri |
| Gatecrasher | 163 | 177 | 155 | 125 | 160 |
| Ministry of <br> Sound | 182 | 170 | 178 | 166 | 174 |
| Manumission | 150 | 167 | 162 | 163 | 178 |
| Cream | 165 | 163 | 187 | 175 | 200 |

Calculate the Mean Average attendance for each of the 4 clubs

| Clubs | Gatecrasher | Ministry of <br> Sound | Manumission | Cream |
| :---: | :---: | :---: | :---: | :---: |
| Mean |  |  |  |  |

Calculate the Range for each of the 4 clubs

| Clubs | Gatecrasher | Ministry of <br> Sound | Manumission | Cream |
| :---: | :---: | :---: | :---: | :---: |
| Range |  |  |  |  |

Calculate the Mean Average attendance for each of the 5 days

| Clubs | Mon | Tue | Wed | Thu | Fri |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Mean |  |  |  |  |  |

Calculate the Range for each of the 5 days

| Clubs | Mon | Tue | Wed | Thu | Fri |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Range |  |  |  |  |  |

## Ibiza clubbers mean average and range

Answers
Table to show Number of Ibiza Clubbers over 5 days at 4 Popular Clubs

| Club | Days \& Attendance Figures |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- | :--- |
|  | Mon | Tue | Wed | Thu | Fri |
| Gatecrasher | 163 | 177 | 155 | 125 | 160 |
| Ministry of <br> Sound | 182 | 170 | 178 | 166 | 174 |
| Manumission | 150 | 167 | 162 | 163 | 178 |
| Cream | 165 | 163 | 187 | 175 | 200 |

Calculate the Mean Average attendance for each of the clubs

| Clubs | Gatecrasher | Ministry of <br> Sound | Manumission | Cream |
| :--- | :--- | :--- | :--- | :--- |
| Mean | 156 | 174 | 164 | 178 |

Calculate the Range of attendance for each of the clubs

| Clubs | Gatecrasher | Ministry of <br> Sound | Manumission | Cream |
| :--- | :--- | :--- | :--- | :--- |
| Range | 52 | 16 | 28 | 37 |

Calculate the Mean Average attendance for each day

| Clubs | Mon | Tue | Wed | Thu | Fri |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Mean | 165 | 169.25 | 170.5 | 157.25 | 178 |

Calculate the Range of attendance for each day

| Clubs | Mon | Tue | Wed | Thu | Fri |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Range | 32 | 14 | 32 | 50 | 40 |

## Comments:

Encourage leaners to discuss what their results tell them and suggest possible reasons. Questions could include:
What's the most popular club (assuming they can all accommodate the same numbers of people).
Why?
Give some possible reasons why Cream has the largest range of attendance.
What's the least popular day? Why could this be?
