

# Recognising persuasive language and visual features - as used in advertising leaflets.

## Contributor's Notes

The resource is aimed at Level 1 learners as a part of 'purpose of text' and 'text type' work. Tutors need to provide a range of advertising leaflets and study the language of persuasive texts prior to this exercise.

Following this exercise I would give learners a case study, usually '... you are opening a new business and need to design a flyer to put out in your locality - include as many of the features of this persuasive text type as possible.'

Rt/L1.2 Recognise how language and other textual features are used to achieve different purposes (e.g. to instruct, explain, describe, persuade)

(a) Understand that choice of language and textual features reflect the purpose of a text

(b) Know that different types of text use different sorts of language, structural and presentational devices
