

Christmas Cards, Presents and Parcels

Overview

- A series of topical assignments (two each at Entry 2, Entry 3 and Level 1), ideal for individual or paired work in mixed ability classes and great for generating discussion and increasing confidence in everyday maths skills.
- Could also be adapted for Entry 1 and Level 2. If you would like an editable Word version of this document please send a resource that you would like to share to: maggie@skillsworkshop.org

Materials needed

- A selection of parcels or boxes in different sizes and weights (write the weights onto the parcels for Entry 2 if needed).
Argos catalogues (or Christmas supplements) and/or access to the Argos web site www.argos.co.uk
- Last posting dates leaflet (available from Post Offices during November or online).
For example, the Christmas 2007 "Post in Time for Christmas" leaflet is available at: ftp://ftp.royalmail.com/Downloads/public/ctf/rm/RM_last_post_dates_2007.pdf
- A postal rates leaflet (or poster). Available free from Post Offices or online.
For example, a wall chart for rates from April 2007 is available as a PDF file at: ftp://ftp.royalmail.com/Downloads/public/ctf/rm/UK_Wallchart.pdf
A more detailed booklet is also available at: ftp://ftp.royalmail.com/Downloads/public/ctf/rm/Price_Guide_FINAL_26Jan07.pdf

Notes and Extension Ideas

- *Since this resource was written in 2003 the Post Office has introduced the new Large Letter and Packet rates – you need to be aware of this and have suitable price/measure guides available if your parcels are small or weigh under a kilogram.*
- *For more practice with parcel dimensions and weights try **Posting Parcels and Letters** (contributed by Lynn Savage and Judith Ryan) available in the E2, E3 and L1 Measure sections at <http://www.skillsworkshop.org>*

Christmas Presents

Assignment brief:

- You are buying presents for a family of four: Mum, Dad and 2 children, a boy aged 6 and a girl aged 11. Your budget is £50.
- You can use the Argos catalogue or the Argos website <http://www.argos.co.uk/> to choose your presents.

Things to do:

- Look at the catalogue or the website and choose gifts.
- Write down your shopping list and add up the total cost. It must be less than £50.
- Calculate your change from £50.

Name Date

Posting your parcels

What to do:

- Look at the weights written on the parcels and write them in a table.
- Use the Royal Mail Standard Parcels Tariff Guide to find out what it would cost to send each parcel and record that in your table.
- When is the last recommended day for posting parcels to arrive for Christmas in the UK?

.....

- When is the last recommended day for posting Second Class letters to arrive for Christmas?

.....

- When is the last recommended day for posting First Class letters?
