

# Cooking Pancakes

Name: \_\_\_\_\_ Date: \_\_\_\_\_

## Ingredients for the pancake mixture (Makes 10)

120g plain flour sifted

2 eggs

200ml milk mixed with 75ml water

50g butter

## Method

1. Allow 2 or 3 minutes to collect your ingredients together.
2. Mix the ingredients in a bowl and whisk together for 2 minutes.
3. Heat a frying pan and add a small amount of butter or oil.
4. Pour  $\frac{1}{10}$  of the mixture into the frying pan making a thin layer across the base.
5. After about a minute, turn the pancake over and cook for another half a minute.
6. Keep the pancakes warm on a tray until all of them are cooked.

## Task 1

How long will it take to prepare and cook all the pancakes?

Show all your workings out.

If you are making pancakes for your friends to eat at 5.30pm, what time will you need to start cooking?

## Task 2

The college thinks that 200 students will order pancakes at lunch time.

How many pancakes do you think 1 student should get in a serving?

-----

How many pancakes should the college prepare to make?

-----

Re-write the recipe for the college canteen so they will have enough ingredients for lunchtime.

# Cooking Pancakes

Name: \_\_\_\_\_ Date: \_\_\_\_\_

## Task 3

Find the prices for ingredients and write down what it will cost the canteen to buy enough of each ingredient, and the total cost.

## Task 4

People like different toppings for their pancakes. Ask your group what their favourite 4 toppings are. Write these down in a tally chart below.

Then ask 20 students which topping they would prefer on their pancakes, marking the results on the tally chart.

| Pancake Topping | Tally |
|-----------------|-------|
|                 |       |
|                 |       |
|                 |       |
|                 |       |

Bring your results back to class.

## Task 5

Basing your predictions on your survey results, how many of each topping should the college prepare to make?

## Task 6

Have a look at the cost per pancake for ingredients. What do you think should be charged for a serving of pancakes? (Remember to look at how many pancakes you suggested each serving should include).
