Money Matters: choosing addition or subtraction

Name: _____   Date: _____

MONEY MATTERS

(Choosing + or -)

If possible use real money to help you answer these questions.

Remember to show your workings on a separate piece of paper.

1. You buy a pen for 70p and a rubber for 25p.

(a) How much is this altogether?

(b) How much change will you have from £1.00?

2. Jack buys a Jacket. He received £1 change from a £20 note.

How much did the jacket cost?

3. You are counting up the loose change in your purse.

You have the coins shown below. How much do you have in total?

1p	four	
2p	seven	
5p	three	
10p	one	
50p	two	
£1	five	
£2	two	
Total		

Money Matters: choosing addition or subtraction

Name: _____   Date: _____

4(a) You buy a pair of jeans for £25 and shoes for £30.

How much do you spend altogether?

(b) How much change do you have from £60?

5. You have £20 to last until the end of the week. You need to buy lunch on one day for £2.75, your bus fares will come to £6.50 and you need a new notepad for £1.00.

(a) How much will you spend?

(b) How much will you have left?

6. You go to a café with a friend. You have a sandwich £2.50, a cake £1.50 and a coffee £1.00. Your friend has a slice of pizza £2.00, a portion of chips £1.00 and a coffee £1.00.

(a) How much is your part of the bill?

(b) How much is your friend's part of the bill?

(c) You both put down a £5 note to pay. How much change will there be?

(d) Whose change is it, yours or your friend's?
