

Would you rather...

...have a kilocake?
(1 cake the size of
1000 normal cakes)

...or a millicake
(1 piece of a cake cut into
1000 slices)

Remember...

Kilo - **K**ilometre **I**s **L**ong (think of walking a kilometre)

Milli - **M**illimetre **I**tsy **L**ittle **L**ines (think of a ruler)
