

Entry 3 Numeracy

Practice Paper

This paper has 18 questions

Some questions have more than one part, so there are really 24 questions in all. You have unlimited time.

In order to pass, you must score 21/24 or more.

Take your time and check and re-check your answers.

You may use a calculator for questions 15 and 16 only.

Good luck!

Curriculum References

Covers most areas of the E3 curriculum (number, measure and data).

To obtain an editable version of the original Word document please send teaching ideas or any adult basic skills resource that you would like to share to

THANK YOU

1.

198g
£129.45

189g
£88.47

203g
£81.57

a) Circle the mobile phone with the **lightest weight**.

b) **How much heavier** is the heaviest phone than the lightest?

2. **Estimate** the total cost of all three mobiles in question 1.

3. **Calculate the exact cost** of the 3 mobiles in question 1.

4. **Choose** an instrument to measure the length of a mobile phone.

Candidate has selected the correct measuring instrument.

Assessor's signature: _____ Date: _____

5. Show your tutor **95 mm** on a measuring instrument.

Candidate has shown me 95 mm on the tape measure.

Assessor's signature: _____ Date: _____

- 6.

'Mobile Fones R Us' prices and delivery charges			
Phone	Price £	Delivery charge	
		First class £	Second class £
Nokyer 321	45.09	3.99	2.99
J-Phone XTC	56.89	3.99	2.99
Woaderfone 457	99.54	3.99	2.99
Erixun 2020	123.65	4.99	4.15

Surinder orders an Erixun mobile.
She wants it delivered second-class.

- a) **Estimate the total cost** of Surinder's mobile including delivery.

- b) **Calculate the exact cost** of Surinder's mobile including delivery.

7. $\frac{3}{10}$ of mobiles sold by Mobile Fones R Us are Woaderfones.

What is the fraction $\frac{3}{10}$ in **words**?

8. Jack orders a cupboard.

It is 90 cm wide, 120 cm high and has a depth of 60 cm.

a) Write these dimensions on the picture in the correct places.

b) He has an alcove in his room with these dimensions

(h) 221 cm

(w) 80 cm

(d) 65 cm

Will the cupboard fit in that space? _____

9. The cupboard is delivered at 14:45

What time is this? (Use words such as 'quarter to' or 'quarter past' and say whether it is morning or afternoon).

10. What is 14.45 to the nearest 10 minutes?

11. Tickets for a show cost £9 each. **How much for 7 tickets?**

12. **Three thousand and seven** tickets are available for the show. **Write this number in figures.**

13. A pizza is cut into 8 equal parts. Two people eat $\frac{1}{8}$ each so there are $\frac{6}{8}$ left. What is $\frac{6}{8}$ simplified? **Circle** the correct answer.

$$\frac{8}{6}$$

$$\frac{6}{4}$$

$$\frac{4}{3}$$

$$\frac{3}{4}$$

14. Sally needs to buy 64 stamps for her fund-raising group. Stamps are sold in books of 6. **How many books** must she buy?

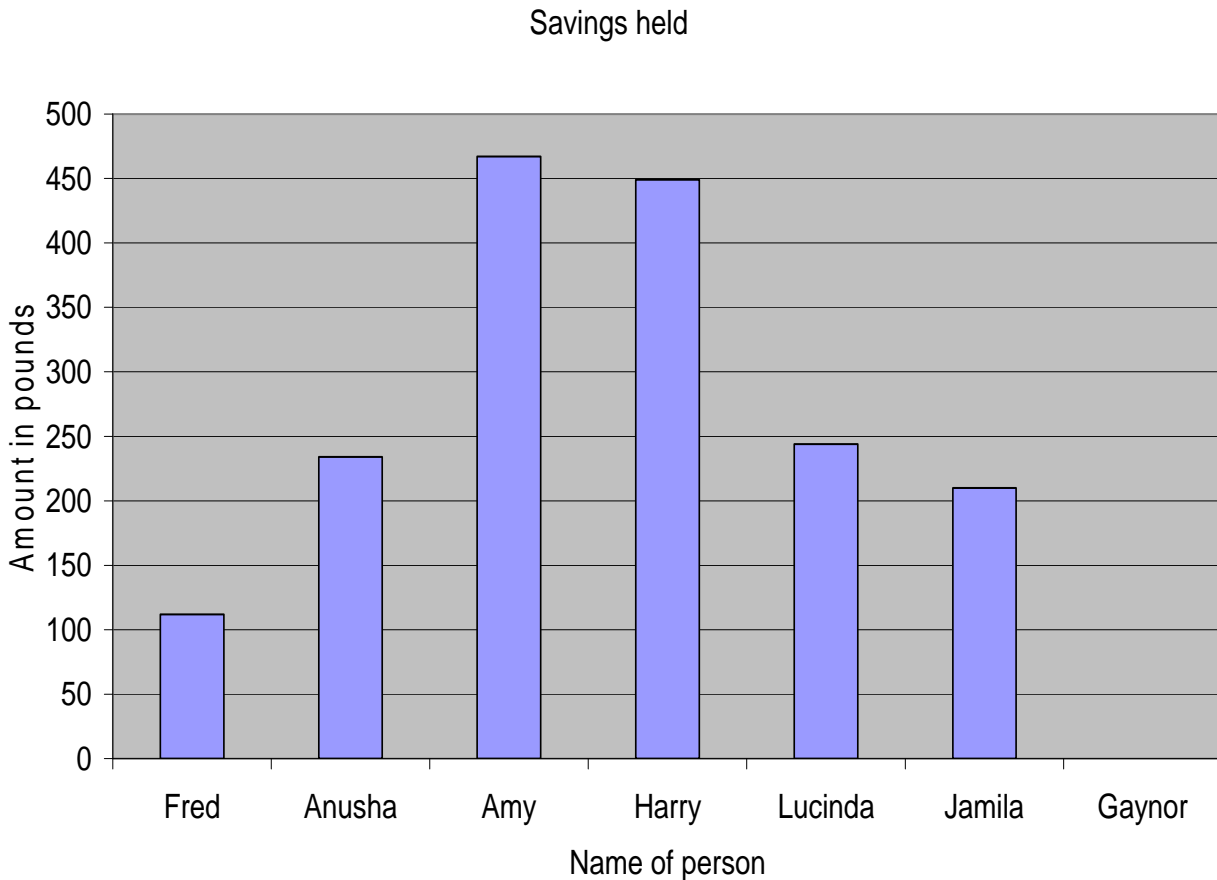

15. **Use a calculator to add** the following amounts of money:

$$£34.50 + £ 256.32 + 98p + £32.30$$

16. Jed added £234.89 to £324.54 and £21.87. He said it came to £581.03. Check his answer on the calculator. **Was it right?**

17. Look at the bar chart.

a) **Who has the most savings?**

b) **How much does the person with the most savings have, to the nearest £100?**

c) **Does Fred have more than £130 in his account?**

d) **Gaynor has £175 in her account. Draw in the bar on the chart.**

20. Sally writes down the colour of cars parked on her street.

red	blue	yellow	blue	green	white	white	white
red	yellow	yellow	blue	green	red	yellow	blue
green	white	blue	blue	blue	green	red	yellow
blue	white	green	white	white	red	yellow	blue
green	red	yellow	blue	green	white	red	yellow
blue	green	blue	red	yellow	blue	green	red
yellow	blue	green	red	yellow	blue	green	white

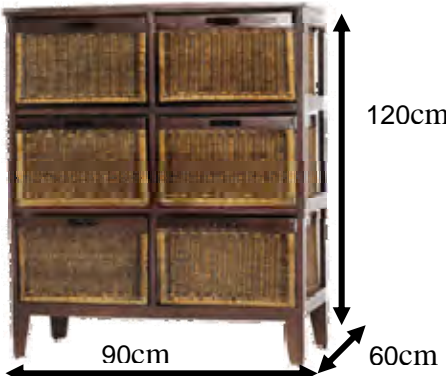

Complete the tally chart below with her information.

The first 7 have been done for you.

Car colour	Tally
Red	
Blue	
Yellow	
Green	
White	

END OF TEST

Check your work carefully

ANSWERS (21 out of 24 required for a pass)		✓												
1a	189g (middle phone)													
1b	203 - 189 = 14 (grams)													
2	£130 + £90 + £80 = £300 (or any sensible estimate)													
3	£299.49													
4	Signature needed. (Provide a selection of at least three instruments e.g. protractor, ruler / tape, thermometer, spring balance, measuring jug / spoon, etc.)													
5	Signature needed													
6a	Allow £128 to £130. E.g. 124 + 4 = £120, or £125 + 5 = £130													
6b	£123.65 + £4.15 = £127.80													
7	Three tenths													
8a	<p>Correctly marked dimensions.</p> 	<table border="1"> <thead> <tr> <th>Car colour</th> <th>Tally</th> </tr> </thead> <tbody> <tr> <td>Red (10)</td> <td> </td> </tr> <tr> <td>Blue (15)</td> <td> </td> </tr> <tr> <td>Yellow (11)</td> <td> </td> </tr> <tr> <td>Green (11)</td> <td> </td> </tr> <tr> <td>White (9)</td> <td> </td> </tr> </tbody> </table>	Car colour	Tally	Red (10)		Blue (15)		Yellow (11)		Green (11)		White (9)	
	Car colour		Tally											
Red (10)														
Blue (15)														
Yellow (11)														
Green (11)														
White (9)														
	18	18												
8b	No (alcove is not wide enough)													
9	Quarter to three in the afternoon													
10	14.50 or 'ten to three'													
11	£63 (9 x 7)													
12	3007													
13	$\frac{3}{4}$													
14	11 books (66 stamps - so 2 left over)													
15	£324.10													
16	No (correct answer is £581.30 not £581.03)													
17a	Amy													
17b	£500													
17c	No													
17d	Correctly drawn bar to approx £175
