

## Questionnaire Project

Name \_\_\_\_\_ Date \_\_\_\_\_

1) Design a questionnaire on a topic of your choice.

E.g. music / film / fashion / food / sport.

Use a mixture of open and closed questions.

There needs to be a minimum of 10 questions.

An example of an open question:

How often do you listen to music? \_\_\_\_\_

An example of a closed question:

How often do you listen to music?

Every day

Twice a week

Once a week

2) Distribute your questionnaire to everybody in the group.

3) Collate the results in tally charts.

4) Display the results to each question in two different ways.

E.g. bar chart / pie chart / line graph / pictogram etc.

Do some by hand, and some using Excel.

5) Describe what your results tell you.
