

Averages and range reference cards

Averages

Mean: Add all the numbers together and divide by how many there are.

Mode: The most frequent number.

Median: Put the numbers in order from highest to lowest and find the middle number. If 2 numbers, work out the mean of them.

Range: Subtract the smallest number from the biggest.

Averages

Mean: Add all the numbers together and divide by how many there are.

Mode: The most frequent number.

Median: Put the numbers in order from highest to lowest and find the middle number. If 2 numbers, work out the mean of them.

Range: Subtract the smallest number from the biggest.
