

Royal Wedding Bunting

Name: _____ Date: _____

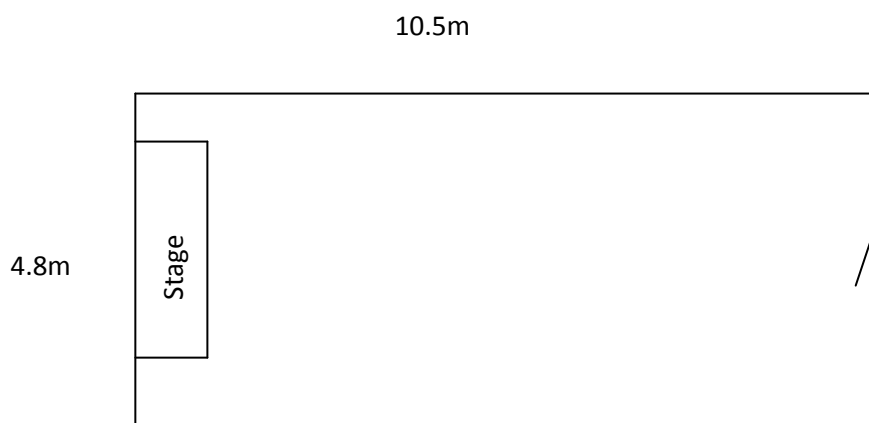

Your task is to work out how much the bunting will cost to decorate a village hall.

Find a website quoting the cost of bunting and make a note of the length and cost.

Then, using the diagram below, calculate the following

- The length of the bunting
- The cost of the bunting

Finally draw a scale drawing of the hall

Royal Wedding Bunting

Answers and teaching notes

There is no exact answer to this problem. Learners should discuss how they want to decorate the hall: where they will put the bunting, whether they want it stretched tightly or hanging down in loops, etc.

This resource covers several aspects of Level 1 and Level 2 Functional Maths and adult numeracy including perimeter, estimating, scale drawings, measures and money.
