

# Calculating with time

## Favourite television programmes

Note: you will need a TV magazine (or visit [www.itv.com](http://www.itv.com) or [www.bbc.co.uk](http://www.bbc.co.uk) and click on TV listings).

1. List 3 of your favourite television programmes.

---

---

---

2. You can only watch your listed programmes this week (remember some of them may be on more than once) **PLUS** a film of your choice on Wednesday evening.

How much TV would you have watched in hours and minutes?

---

3. Because of a power cut you missed the last half an hour of the film but you watched Newsnight on BBC 2 as well.

How much television did you actually watch?

---

---

# Calculating with time

## Bus travel – journey times

Note: you will need some timetables.

1. Look at one of the timetables.
2. Choose 3 different journeys on the same bus. List them below.

---

---

---

3. How long would each journey take in minutes?

---

---

---

4. How long would it take to do all 3 journeys (in hours & minutes)?

---

---

5. Now take off the longest journey and what are you left with?

---

---
