# Lottery Win

## Choose a New Car

Some friends of yours, Mr and Mrs Thompson, have won £100,000 on the lottery and they have asked you to help them to spend it.

They have already decided to put half of it in the bank and want you to help them to choose a nice car.

They have 3 children and a dog called 'Longy' so they need a car big enough to fit them all in.

Mr Thompson doesn't like red cars (because he doesn't like Manchester United); whilst Mrs Thompson doesn't like green, she says it's unlucky.

You cannot spend more than £10,000 because they want to have a good holiday in some far away exotic place.

Use the magazines or try [www.automart.co.uk](http://www.automart.co.uk) or [www.autotrader.co.uk](http://www.autotrader.co.uk)

Write your suggestions in the box below.

### Choose an Exotic Holiday

Look on any of the following websites, or one of your own, and find your friends a luxury holiday for 5 people for 2 weeks that won't cost more than £5000.

They cannot go within the next 2 weeks.

[www.thomascook.co.uk](http://www.thomascook.co.uk)

[www.thomsonholidays.co.uk](http://www.thomsonholidays.co.uk)

[www.mytravel.com](http://www.mytravel.com)

You also might like to look in the holiday brochures.

Find at least 3 examples for your friends to choose from and put your results in the table below.

Travel company	Destination	Cost
1.		
2.		
3.		
4.		

You might like to look up one of these destinations on the web, see if you can find a cheaper holiday there and work out the difference in price.
