

Warm Up Activity – Restaurant Bills

Suitable for mixed classes with levels Entry 2 to Level 2.

Instructions

- With the college menu (or other menu) people take it in turns to order two or more things. A blank menu is included on page 2 if you (or students) want to quickly make up your own menu.
- Everybody else in the group adds it up either mentally or with pen and paper.
- When they have the answer they raise their pen or give some other sign.
- When everybody's ready the person who made the order says '1, 2, 3' and then everyone says their answer out loud.
- With a group that know each other well it is a lively exercise – especially if the tutor gets it wrong.
- With a shyer group students could compare answers with person next to them.
