Santa has a few problems!
He has asked the elves to solve them.

36 reindeer treats are put into 6 bags.
Each bag has the same number of reindeer treats.
How many reindeer treats are in each bag?

Santa has 4 bags of cosmic lights. There are 12 lights in each bag.
How many lights are there in total?

A SantaSuperSleigh MK3 has two compartments to carry presents
and can carry 10 presents in total.
What are the various ways that Santa can split 10 presents between
the two compartments?

A pensioner elf working at a weekend can pack 6 presents on a
Saturday plus half this number on a Sunday.
How many presents can 10 pensioner elves pack over a weekend?

Decorating $\frac{5}{10}$ of a Christmas tree is equivalent to decorating ½ of
the Christmas tree! True or False?

Best Wishes
for a
Merry Christmas
