

## SKIMMING AND SCANNING ACTIVITY

- First **SCAN** the holiday brochures provided to find one you want to work from.
- Secondly, **SCAN** the brochure to find a holiday destination you like the look of and record the location and page number on the form overleaf.
- Thirdly, **SKIM** this destination and record the gist of it (i.e. write a summary of the holiday destination).
- Fourthly, **SCAN** the brochure again to find details of any special offers/activities and record this and the page number on the form overleaf.
- Fifthly, **SKIM** the chosen special offer and note the gist (main points) on the form overleaf. These offers can be general offers applied to most holidays or those that apply to a specific holiday package.
- Lastly, don't forget to name the holiday brochure on the top of the form.

### Further ideas

Note down how you use skimming and scanning reading techniques in your everyday life whether at work, college or home.

<b>SCAN</b> Holiday destination and page no.	<b>SKIM</b> Write the gist of your chosen holiday	<b>SCAN</b> Activities/special offers and page no.	<b>SKIM</b> Write the gist of your chosen activity / special offer.
